

Kaif Khan

Ghaziabad, Uttar Pradesh, India

kaif.khan.28.05.2005@gmail.com | +91-9315158854 | GitHub | LinkedIn | LeetCode | CodeChef

EDUCATION

- **KIET Group of Institutions, Delhi-NCR** 2023 – 2027
B.Tech in Computer Science and Engineering CGPA: 8.62 (till Semester IV)
- **Leelawati Public School** 2020 – 2022
Intermediate (CBSE, PCM): 92.0% | High School (CBSE): 80.8%

TECHNICAL SKILLS

- **Programming:** C, C++, Python, JavaScript
- **Core Computer Science:** Data Structures and Algorithms, OOP, DBMS, Operating Systems
- **Web & Tools:** Node.js, Express.js, React.js, REST APIs, MySQL, MongoDB, Git, GitHub, Postman

PROJECTS

- **Smart Urban Projects Coordination Platform** Aug 2024 – Present
Final Year Project
 - Engineered a centralized platform to monitor **50+** urban infrastructure projects in real time using a **C++ STL-based conflict detection algorithm**.
 - Designed secure backend services with **Node.js, Express.js, and MySQL**, supporting **100+** concurrent users via role-based access control.
 - Optimized GIS rendering in **React.js**, reducing page load time by **3+ seconds**.
- **Urban Clean Track – Waste Management Portal** Nov 2024 – Dec 2024
Civic-Tech Web Application
 - Built a complaint management system tracking **200+** waste reports across city zones.
 - Developed scalable **Node.js/Express** APIs and responsive **React.js** UI, reducing submission time by **40%**.

INTERNSHIPS

- **YBI Foundation** Jul 2025 – Aug 2025
Data Science & ML Intern Ghaziabad
 - Built and evaluated **4+** machine learning models on datasets of **10,000+** records, achieving up to **87% accuracy** using **Pandas** and **Scikit-learn**.
 - Performed feature engineering and preprocessing that improved model performance by **15%** compared to baseline.
- **MLSA KIET** Sep 2024 – Nov 2024
Full-Stack Development Intern Ghaziabad
 - Developed responsive web components using **HTML, CSS, and React.js**, contributing to **3+** feature modules in a collaborative Git workflow.
 - Managed version control and pull-request reviews, reducing integration conflicts by **25%**.

LEADERSHIP & ACTIVITIES

- Coordinated coding discussions and contest preparation within college programming groups, supporting **50+** students in competitive programming practice.

ACHIEVEMENTS

- **LeetCode Weekly Contest 488:** Global Rank **1230 / 44,503 (All Kill)** Feb 2026
- **ICPC Amritapuri Regional Preliminary:** AIR **607; 3rd** in College Nov 2025
- **Meta Hacker Cup 2025 (Global):** Reached **Round 2** (Rank **1704 / 5,972**) Nov 2025
- **Competitive Programming:** CodeChef **3-Star** (Max **1684**); Codeforces **Pupil** (Max **1344**) 2024–Present
- **Data Structures and Algorithms:** Solved **350+** problems on LeetCode (Max **1859, Knight**) and Geeks-forGeeks (**3-Star**, Max **1725**) Jan 2024–Present

CERTIFICATIONS

- Exploring Networking with Cisco Packet Tracer – Cisco Networking Academy Feb 2026
- MongoDB Database Admin Path (Self-Managed) – MongoDB Feb 2026
- AWS Certified Cloud Practitioner Jan 2026
- Oracle Database Programming with SQL – Oracle Academy Dec 2025
